

WILTON BOARD OF CEMETERY TRUSTEES

PO Box 83 Wilton, NH 03086

Cemetery Meeting June 25 2013

Present- Brian Adams, Chair- John Jowders, Trustee- Steve Elliott, Sec.

Review and accept last month's minutes.

Business-

Hilda Wiggins from Peterborough is seeking some assistance to restore her family's lot at South Yard Cemetery. Concerned the tree removal may have created erosion issues. Board feels the trees had to be removed to prevent further damage to the Cemetery and that over time monies may be raised to restore all lots to a higher standard. Hilda suggested some money raising ideas, donations, drives etc.

Shawn Belanger- Concerned about early or inappropriate flower removal at Laurel Hill Cemetery. Steve Elliott explained that June was an unusually wet month and it was difficult to keep up with the high grass length and water logged planters, but also stated that it could have been managed better. He will make changes with the work crew to

make sure this hopefully doesn't happen again.

Tammy Daniels-Seeking advice as to finding information about families' lot located in Laurel Hill. Board needs all the information she can locate, and then we may research the archives.

Priscilla Jowders- Flower disposal issues, was satisfied with the discussion earlier.

Charlie McGettigan- Concerned about Trustees looking into the Denny Section at Laurel Hill, monument rule not allowing anything other than flat stones (markers) Charlie states the rule has been in place since the 1940's and shouldn't be changed, and that anybody who wishes an above ground marker should go somewhere else.

Meeting adjourned 8:15

Next Meeting- July 30th 2013
